

ScorPack 32 kW (Hydraulic)

POWER PACK FEATURES

- Provides 32 kW of hydraulic power
- Compact and simplistic design
- Collapsible handles and wheels for ease of transport
- Protective and robust frame
- Custom options available

The ScorPack 32 kW (Hydraulic) is a compact hydraulic power pack intended to power equipment with minimal power requirements. The robust design of the power pack makes it ideal for operation in harsh environments. The power pack is portable, wheels allow it to be transported removing the need for cranes or forklifts. The system can easily operate a hydraulic-driven Scorpion Boom ScorReel or oil skimmer, such as the ScorLip 205 Weir Oil Recovery Skimmer.

- The frame is constructed of Hot-Dip Galvanized (HDG) Steel
- The power pack is fitted with a 4-stroke, air-cooled Deutz™ diesel-driven engine
- The frame comes equipped with handles and wheels increasing ease of transport
- Supplied with a complete hydraulic hose set, hoses fitted with quick couplings connections that include protective dust caps
- Gauges include: hydraulic oil level, hydraulic temperature, RPM meter, operating hours counter and warning lights
- The system can be customized with an assortment of additional options specific to operational needs and customer desire
