Hydraulic Power Unit

ScorPack 54 kW

New Naval

The ScorPack 54 kW (Hydraulic) is a compact hydraulic power pack intended to power equipment with medium power requirements. The robust design of the power pack makes it ideal for operation in harsh environments. The system can easily operate high-capacity hydraulic-driven transfer pumps, skimmers and hydraulic boom systems.

TECHNICAL SPECIFICATIONS

Dimensions (LxWxH)	1920 mm x 1000 mm x 1300 mm
Frame Material	Epoxy coated mild steel
Weight Dry/Wet	750 kg /955 kg
Engine	Deutz or similar (Yanmar, Lombardini, Baudouin)
Power Output	54 kW
Hydraulic Flow Rate	190 lpm
Hydraulic Pressure	280 bar
Hydraulic Output	3/8" or 3/4"
Engine Start	Electric
Fuel	Diesel

TECHNICAL DATA

ScorPack 54 kW is manufactured of epoxy coated mild steel, fitted with a Deutz diesel-driven engine (or other upon availability) and is equipped with handles and wheels for ease of transport. The power pack also comes with a complete hydraulic hose set. All hydraulic hoses are fitted with quick couplings connections that include protective dust caps. Gauges include: hydraulic oil level, hydraulic temperature, RPM meter, operating hours counter and warning lights. The system can be customized with an assortment of additional options specific to operational needs and customer desire.

KEY FEATURES:

- Provides 54 kW of hydraulic power
- Compact and simplistic design
- Single or multiple line output
- Protective and robust frame
- Custom options available

ADDITIONAL OPTIONS:

- Chalwyn™ Valve
- Oil Cooler
- Spark Arrestor
- Cover
- Multiple Outputs
- Control Panel
- All Terrain Wheels

EQUIPMENT PAIRING:

- Medium to Large Skimmer
- Transfer Pump
- Vacuum System
- Boom Reel
- Air Blower
