

ScorTank Framed (8, 10)

TANK FEATURES

- Quick set-up
- Compact storage
- Light-weight, portable and easily transported
- Resistant to wear, tear and hydrocarbon damage
- Decanting valve

The ScorTank Framed (8, 10) is a rectangular, open top temporary tank supported by an aluminum frame designed to store hydrocarbons and other liquids. It is quickly assembled and is designed for multiple applications including on-board vessels, beaches, jetties and most other work platforms. The design evenly distributes the weight of stored liquids. The storage tank is portable with no tools required for assembly. It is maintenance free other than cleaning after use.

- The tank is manufactured from Polymer Alloy Coated Polyester fabric
- The tubular space frame is manufactured with marine-grade aluminum
- The tank is fitted with a decanting valve for easy drainage
- A tarpaulin ground mat provides protection from spills during transfer operations
- It comes in a heavy-duty, PVC Bag for easy storage and transportation
- The tank is easily cleaned and is resistant to sea-water, UV radiation, chemical dispersant and hydrocarbons
